On February 25, 2020, a sweat patch was placed on the offender for the purpose of monitoring her drug use. Ms. Mckown had previously admitted to instances of methamphetamine use. The patch returned positive for both methamphetamine and marijuana.

This officer had reported her methamphetamine use to the Court on March 6, 2020, and Your Honor modified her conditions to include a condition for inpatient drug treatment. This report is being submitted as a notification only.

Given the offender's previous admissions of substance use and her pending placement into inpatient treatment, it is recommended that no action be taken at this time and to allow the offender to participate in residential treatment.
